

OLDE MILL  
IMPRESSIONS

**OLDE MILL IMPRESSIONS** is an engraving company located in Central Pennsylvania near Harrisburg. Our company is owned and operated by partners Alan Skelly and Matthew Haak. We have been the premier supplier of the highest quality custom engraved bricks and concrete pavers in the Mid-Atlantic region since 1996.

Our company is the authorized distributor for Matthews International Corporation, which manufactures cast bronze and aluminum plaques and signage, cast and cut letters, and bronze statuary.

Olde Mill Impressions has the capabilities to serve the entire nation with unmatched speed and efficiency. Currently, our complete product line includes everything our customers need to finish their new construction projects or add to existing sites, such as:

- Fundraising with custom engraved name bricks
- Cast bronze and brass signage, plaques and lettering
- Engraved granite, marble, slate and bluestone
- Custom engraved address, house number, garden, and pet memorial stones
- Custom cast concrete signage and pier caps

We believe customer service is of the utmost importance. We do everything to ensure that our customers receive the most courteous and timely service. Our friendly customer service department is ready to help our clients quickly and efficiently. You are invited to contact our sales team to discuss your unique project. We will show you how dedicated we are to providing the solutions for which you are looking. We look forward to being of service to you.

## Fund Raising with Custom Engraved Bricks

### **F**UND RAISING with engraved bricks is a proven winner.

Organizations have discovered people love to participate in fund raising programs that allow them to place their name — or memorialize a loved one — in such an attractive, practical and long-lasting way.

Whether you need to raise a few thousand or several million dollars, you'll find that engraved bricks are the way to go. In the past several years many of our satisfied clients have met or exceeded their fund raising goals. They've proceeded without delay to the dedication of their new building or facility to the rave reviews of their constituencies: architects, employees and alumni. Olde Mill Impressions makes it easy to raise the necessary funds for your project. We'll handle the process in a prompt, professional and courteous manner, from the first handshake to the dedication or ribbon-cutting ceremony.

- We **engrave** the bricks and pavers with your custom names and messages.
- We **deliver** the finished bricks to your building site — on time and in constant coordination with your building committee or landscape architect.
- We can even **install** the bricks for you, if you don't already have a contractor lined up.

***We invite you*** to explore how fund raising with engraved bricks will work in your situation. Our web site gives numerous examples of recent projects, including photos of the completed buildings/installations.

Olde Mill Impressions is committed to the highest quality service as we work with your fund raising office to coordinate the selling, marketing and proofing of text to be engraved on our bricks or pavers. We'll also arrange shipping or delivery of your bricks to your site under the supervision of your general contractor or landscape architect.

# Bronze Plaques and Signage

We supply the highest quality brass and bronze signage, lettering, plaques and donor recognition trees. We have hundreds of type styles and stock designs to choose from, or we can create a custom design to suit your project's unique needs.

Cast bronze and aluminum plaques are made by pouring molten metal into sand molds.

The casting process creates

plaques with two levels

of graphics —

raised and

recessed. A cast

plaque is vandal

resistant —

the graphics

cannot be

removed, and the

metal will not break. Durable for exterior installations, cast metal plaques withstand heat and bitter cold. Contact us to discover how easy it is to create your own custom cast metal plaque.

**G**ranite can be used as facing on buildings, pavements, walls and accents such as memorials.

All these applications can be engraved with your customized message. Granite is available in many colors, and in tiles of various finishes from natural to mirror-smooth. The quarries that supply our granite are some of the best in the nation. Custom orders are our specialty.
